RECREATIONAL & TOURING KAYAKS

DESIGNED IN THE UK & US  
BUILT IN GREAT BRITAIN

## LOOKING TO GET INTO KAYAKING?

You'll want a boat that's fun, easy to use, and great value for money, and that's exactly what we do!

## 5 GREAT REASONS TO BUY VENTURE

### Part Of The Pyranha Family

Over our 45+ year history, Pyranha Kayaks have been chosen for countless first descents, including Everest's river, the Dudh Kosi, and by numerous World Champions; it's safe to say, we know what it takes to produce a great kayak.

### Made By Kayakers, For Kayakers

We're paddlers ourselves (you might even spot a few of us in this brochure!), and all our boats are designed and manufactured by us; because that's all we do, you can be sure that all of our attention, knowledge, and passion for the sport go in to each and every kayak we make, so you'll get something that does more than just float!

Crucially, if we wouldn't be happy paddling it ourselves, it doesn't leave the factory.

### Simply Designed For Adventure

The Venture Kayaks range is designed to give you everything you need to get out on the water and start making the adventures of your dreams a reality; you won't be paying for unnecessary accessories, carrying unrequired weight, or having to read extensive user manuals to work out how to operate the boat.

### Built To A Standard, Not A Price

Venture Kayaks are designed to perform for a lifetime; we use the best components and fittings available, for instance, our hatch covers are made by industry leaders, KajakSport.

### Advanced Polymer Construction

We work closely with our suppliers to develop the most advanced polymers used in kayak production, with high UV, scratch, and impact resistance.

## TRILITE™

### EASIER TO ROOFTOP, EASIER TO CARRY, EASIER TO PADDLE

Exclusive to Venture, TriLite increases hull stiffness and reduces weight, enhancing the performance of our leading hull designs for a more responsive kayak.

Available in the Easky, Jura and Islay ranges. Look out for the TriLite logo.

(Excludes Islay 14 SOT).

Lower Weight, Higher Performance

TriLite kayaks feature a solid outer colour with contrasting inner and deck lines.

## SKEG, RUDDER, AND SKUDDER™

Venture Kayaks feature a variety of devices designed to aid in the directional control of your kayak, with the way in which each works and the situations where they're most effective having subtle differences; read on to learn more about each:

### SKEG

A retractable fin stored out of harm's way in a slot on the underside of the kayak's stern, the skeg can be deployed using a control next to the cockpit to help you paddle in a straight line when you're first starting out, or to counter the tendency of a longer kayak to turn into the wind.

### RUDDER

Controlled by footrest pedals, a rudder can be used to turn the kayak, as well as to keep it running in a straight line, but is more susceptible to interference from wind and waves and less protected from damage when retracted.

### SKUDDER™

Exclusive to Venture and P&H Custom Sea Kayaks, the Skudder combines the best of both a skeg and a rudder, acting as a skeg when partially deployed and a supremely efficient, under-stern rudder when fully deployed, sheltered from the effects of wind and waves.

Skeg

Rudder

Skudder

## SIT-IN KAYAK FEATURES & OPTIONS

- Toggle Handles** 

Used for carrying, or for keeping hold of the kayak after a swim in moving water.
- Deck Lines** 

Running along the perimeter for increased boat handling options, particularly during rescues.
- Deck Pod** 

For removable, quick-access storage to essentials.
- Deck Bungees** 

Store items like maps or hats close to hand.
- Bow Mini Hatch [Jura Only]** 

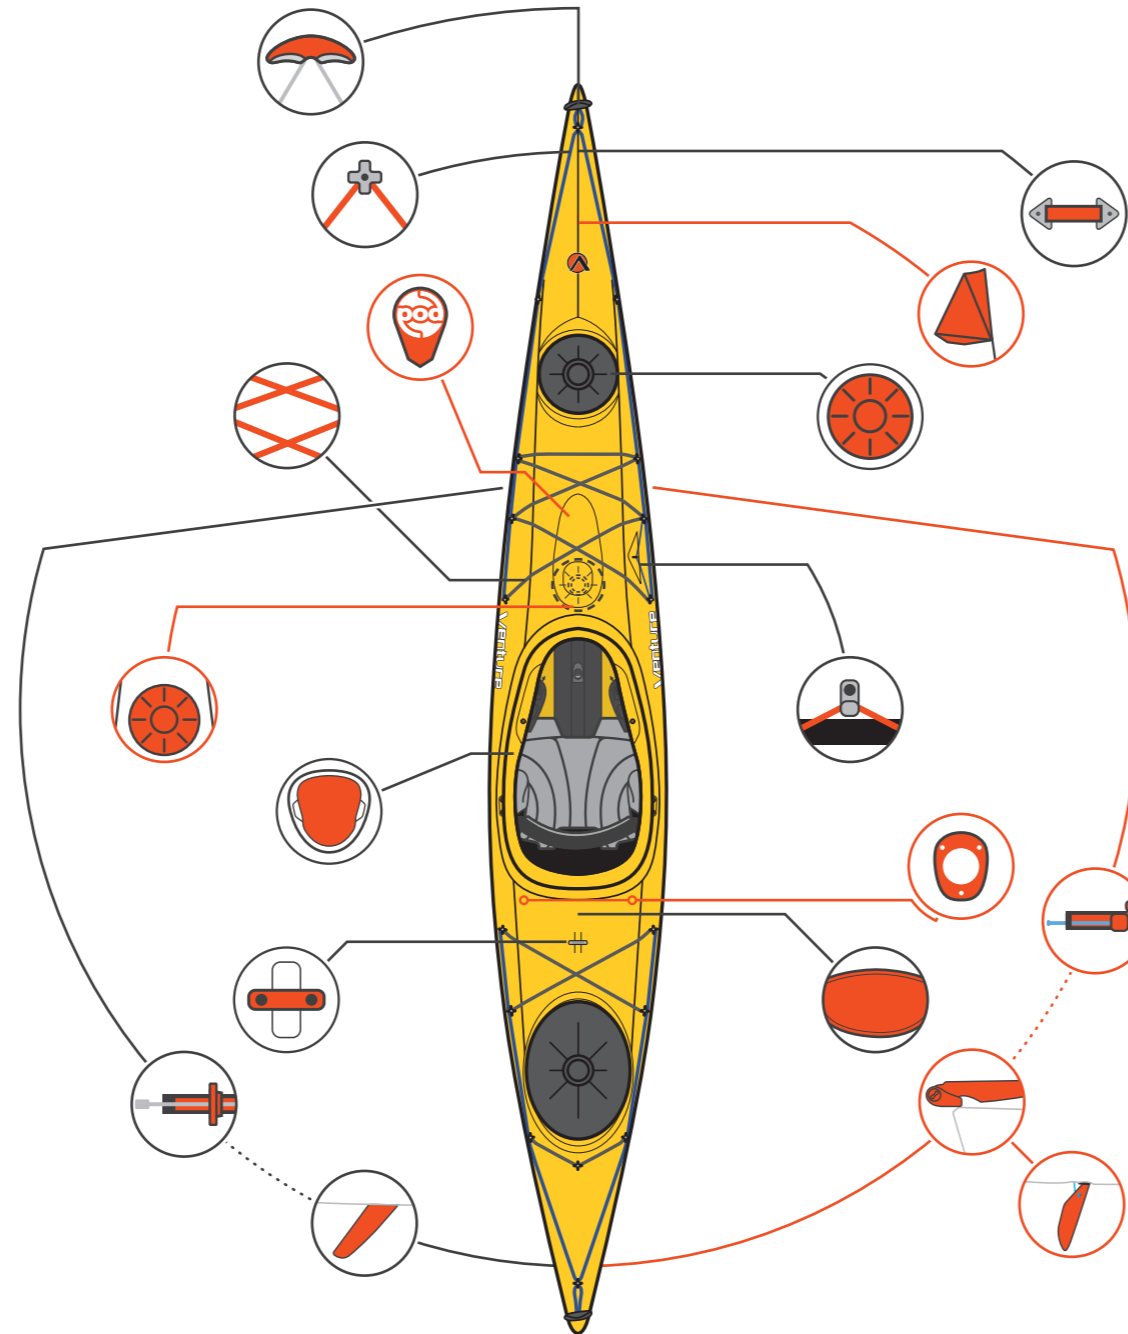

Optional storage hatch adds an extra 3.5l of storage.
- Large Cockpit** 

Sized for easy access and spraydeck compatibility.
- Security Point** 

Attach a cable lock to secure your kayak during storage.
- Retractable Skeg** 

Leave up for manoeuvrability, drop down for directional control.
- Twistlock Footrests** 

A solid platform for power transfer, with quick adjustment for sharing the kayak between friends and family.

Standard   
 Optional 

Options and features vary from model to model, refer to individual product pages for model specifications.

- Rubberised Handles [Flex Only]** 

Great for handling the boat off the water, such as when roof rack loading.
- Sail** 

Increase your speed, range, and enjoyment of the sport.
- Hatches** 

Water resistant storage of a picnic or camping gear, thanks to market-leading KajakSport hatch covers.
- Paddle Park** 

Store your paddle safely whilst fishing, taking photos, or just relaxing.
- Flush-Mount Fishing Rod Holders** 

For rod storage or trawling.
- Foam Bulkheads** 

Separates the hatch compartments from the rest of the kayak, and prevents flooding in a capsize.
- Rudder** 

Used for manoeuvring and directional control.
- Skudder™** 

Exclusive to Venture Kayaks, giving the best of both a skeg and a rudder.
- SmartTrack Toe Pilot Footrests** 

Quick adjustment footrests with pivoting pedals to control Skudder / rudder.

## FIT 4

Designed with comfort in mind, Fit 4's high backrest and deluxe padded seat ensure you can simply relax and enjoy the unique experiences and environments kayaking will take you to.

## FIT 4 SPORT

Whether you're pushing your limits, or developing your skills, Fit 4 Sport is the outfitting spec for you; it offers all the same great features of Fit 4, plus a floating backrest for spraydeck compatibility and hip pads for control.

### Pivoting Seat

Deep-fill, padded seat can be adjusted to an angle that provides a comfortable, tailored fit for you.

### Flexible Seat Support

Ensures a smooth ride over choppy water; self-adjusts to maintain optimal hull integrity, impact resistance, and performance.

### Thigh Grips

A highly ergonomic shape with easy, rock-solid adjustment to ensure the best position for both comfort and control.

### High Backrest

Deep-fill, padded backrest with simple rope cleat adjustment for fine-tuned, comfortable support to suit your preferred paddling posture.

### Floating Backrest

Replaces the high backrest to offer increased connectivity plus compatibility with spraydecks.

### Oversized Hip Pads

For a comfortably snug fit which is ideal for precise edge control and rolling.

## FIT 4 & FIT 4 SPORT

Available in Flex | Islay 12LV | Islay 12 | Islay 14LV | Islay 14

## Recreational Touring

### FLEX

As the name suggests, the Flex is designed for flexibility, allowing you to explore canals, take short coastal trips, enjoy a tranquil day on the lake, or float along gentle rivers; all in one kayak that's easy to paddle, transport, and store.

With the most stable hull in the Venture range, a large cockpit for easy access, and plenty of room for your picnic, you'll be having fun on the water in no time.

### OPTIONS

**Outfitting:** Fit 4 / Fit 4 Sport

**Control:** Skeg with Twistlock Footrests / Rudder with Toe Pilot Footrests

**Accessories:** Flush Mount Fishing Rod Holders / Storage Pod

### SPECS

**Dimensions** || Length: 330cm / 10' 8" | Width: 65cm / 25"

**Weights** || Single Skin: 23.5kg / 52lb

**Optimal Load** || Paddler Weight: <120kg / <265lb

### Choose This Kayak For:

- A lightweight, reassuringly stable, and easy to use kayak.
- Relaxed, short distance trips.
- Easy transport and storage.

## Adventure Touring

### ISLAY 12LV & 12

An adventure touring kayak in an easily manageable size; if you're progressing from a shorter, recreational kayak and want something with a little more speed and storage capacity for extended adventures, or if you're looking for a boat with the features of a longer touring kayak, but a little more manoeuvrability, the Islay 12 is for you.

#### OPTIONS

**Outfitting:** Fit 4 / Fit 4 Sport

**Control:** Skeg with Twistlock Footrests / Skudder with Toe Pilot Footrests

**Accessories:** Flush Mount Fishing Rod Holders / Storage Pod

**Construction:** Single Skin / TriLite

#### SPECS

On page 14–15

### Choose This Kayak For:

- The stability and manageability of a recreational kayak, but with greater hull efficiency.
- A mixture of day trips and weekend adventures.
- Easier manoeuvrability than a longer touring or sea kayak.

## ISLAY 12LV

### SPECS

**Dimensions** || Length: 381cm / 12' 6" | Width: 62cm / 24.5"

**Weights** || Single Skin: 23.5kg / 52lb | TriLite: 22kg / 48lb

**Optimal Load** || Paddler Weight: <90kg / <200lb

Product info on page 12–13

## ISLAY 12

### SPECS

**Dimensions** || Length: 385cm / 12' 7" | Width: 66cm / 26"

**Weights** || Single Skin: 25.5kg / 56lb | TriLite: 24kg / 53lb

**Optimal Load** || Paddler Weight: <124kg / <275lb

Product info on page 12–13

## Islay 14LV

### SPECS

**Dimensions** || Length: 420cm / 13' 9" | Width: 57cm / 22.5"

**Weights** || Single Skin: 25kg / 55lb | TriLite: 24kg / 53lb

**Optimal Load** || Paddler Weight: <100kg / <220lb

Product info on page 16–17

## Islay 14

### SPECS

**Dimensions** || Length: 427cm / 14' | Width: 60cm / 23.5"

**Weights** || Single Skin: 26kg / 57lb | TriLite: 25kg / 55lb

**Optimal Load** || Paddler Weight: <130kg / <286lb

Product info on page 16–17

## Adventure Touring

### ISLAY 14LV & 14

A longer kayak is a faster kayak, allowing you to cover larger distances; the Islay 14 is an adventure touring kayak with a length similar to that of a sea kayak, but in a format that offers a little more stability and manoeuvrability. Ideal for beginners and intermediates who want to try their hand at cosy weekend adventures and relaxed journeys of up to a week in length on canals, sheltered lakes, and gentle rivers.

#### OPTIONS

**Outfitting:** Fit 4 / Fit 4 Sport

**Control:** Skeg with Twistlock Footrests / Rudder with Toe Pilot Footrests

**Accessories:** Flush Mount Fishing Rod Holders / Storage Pod

**Construction:** Single Skin / TriLite

#### SPECS

On page 14–15

### Choose This Kayak For:

- Medium to long distance journeys.
- Exploring lakes and gentle rivers with ease and the confidence to take photos from the kayak.
- The best combination of hull efficiency, speed, and a manageable size.

# SIT-ON-TOP KAYAK FEATURES & OPTIONS

## Toggle Handles

Used for carrying, or for keeping hold of the kayak after a swim in moving water.

## Deck Lines

Running along the perimeter for increased boat handling options, particularly during rescues.

## Centre Storage Console

For secure, close-to-hand storage of items such as snacks, cameras, or phones.

## Scupper Holes

For automatic self-drainage of the cockpit and rear storage areas.

## Moulded Carry Handles

Side mounted, solid handles for solo carrying and easier boat management during roof rack loading.

## Deluxe SOT Seat

Padded seat and high, wrap-around backrest with adjustable support straps.

## Security Point

Attach a cable lock to secure your kayak during storage.

## Skudder™

Exclusive to Venture Kayaks, giving the best of both a skeg and a rudder, controlled by quick adjustment, pivoting, SmartTrack Toe Pilot footrests.

Standard ○  
Optional ○

## Sail

Increase your speed, range, and enjoyment of the sport.

## Large Bow Hatch

Water resistant storage of a picnic or camping gear, thanks to a market-leading KajakSport hatch cover.

## Paddle Park

Store your paddle safely whilst fishing, taking photos, or just relaxing.

## Cup Holder & Storage Tray

For immediate storage of drinks bottles and smaller items such as sunglasses or fishing tackle.

## Flush-Mount Fishing Rod Holders

For rod storage or trawling.

## Large Rear Storage Area

Secure, bungee retained storage of larger items such as bait boxes, coolers or dry bags.

## Retractable Skeg

Leave up for manoeuvrability, drop down for directional control.

## Twistlock Footrests

A solid platform for power transfer, with quick adjustment for sharing the kayak between friends and family.

## Adventure Touring

### ISLAY 14 SOT

Based on our proven Islay 14 adventure touring kayak, the Islay 14 SOT translates the same performance characteristics into a Sit-on-Top format, adding a touch more stability and accessibility as a result; perfect for newcomers to the sport, anyone with accessibility concerns, or just those who prefer a sit-on-top kayak.

#### OPTIONS

**Outfitting:** Deluxe (Padded seat with backrest)

**Control:** Skeg with Twistlock Footrests / Skudder with Toe Pilot Footrests

**Accessories:** Flush Mount Fishing Rod Holders / Centre Storage Console / Sail System

#### SPECS

**Dimensions** || Length: 430cm / 14' 1" | Width: 74cm / 29"

**Weights** || Single Skin: 30kg / 66lb

**Optimal Load** || Paddler Weight: <136kg / <300lb

#### Choose This Kayak For:

- The freedom of not being sat inside the kayak, without the usual performance compromise.
- A highly stable adventure touring kayak you can easily remount if necessary.
- A sit-on-top that doesn't overwhelm you with unnecessary features, but is suitable for mounting those you need.

## Adventure Touring

### EASKY 15LV & 15

Coastal touring and longer journeys on inland waters call for a kayak with a little more length, ensuring the boat remains stable when paddling through choppy water and increasing both its speed and tracking so you can comfortably cover greater distances. Drawing from our traditional British sea kayak design heritage, and at a touch over 15 feet in length, the Easky 15 gives you what you need without being a challenge to manoeuvre.

#### OPTIONS

**Outfitting:** Classic

**Control:** Skeg with Twistlock Footrests / Rudder with Toe Pilot Footrests

**Accessories:** Fishing Rod Holders / Storage Pod

**Construction:** Single Skin / TriLite

#### SPECS

On page 24-25

### Choose This Kayak For:

- Exploring coastal environments in a highly stable boat with comfortable outfitting.
- The performance of a traditional sea kayak, without sacrificing the modern day essentials.
- A kayak with the efficiency and hatch space for extra-long adventures.

### Floating Backrest

Padded backrest with speed buckle adjustment for tailored support.

### Padded Seat

Wide, padded bench seat.

### Adjustable Thigh Grips

Padded, moulded thigh grips with fore/aft adjustment.

## CLASSIC OUTFITTING

Available in Easky 15LV | Easky 15

## PROTECTING THE ENVIRONMENTS WE EXPLORE

We take a number of steps to reduce our environmental impact, such as:

- Sourcing materials within the UK wherever possible to reduce shipping.
- Reusing off-cuts of foam and plastic where there is no resultant compromise on quality.
- Utilising off-cuts from other industries as shipping protection.

Further steps you can take to help preserve the environment are car sharing on the way to and from adventures, reducing fuel consumption by using a cockpit cover, and participating in SAS Beach Cleans.

There are also many ways to reuse your kayak at the end of its normal lifespan, such as turning it into a rather unique flower pot; you can even return it to us through your local dealer for recycling.

## CONNECT

Adjustable ratchet backrest and padded seat, tried and tested in our top-end Pyranha and P&H Custom Sea Kayaks, offering proven performance without compromise on comfort.

### Padded Seat

Simple, solid and highly ergonomic seat with trim adjustment.

### Thigh Grips

Padded, lightweight thigh grips with fore/aft adjustment.

### Ratchet Backband

Padded backband with ratchet adjustable support that's quick and easy to operate from the kayak.

## CONNECT OUTFITTING

Available in Jura MV | Jura HV

## Performance Sea Touring

### JURA MV & HV

A highly capable sea kayak with superb stability, versatile gear storage options, full deck lines and bungees, a large cockpit, and plenty of room to stretch your legs as you take on longer journeys.

Whether you're progressing into sea kayaking from adventure touring, or being introduced straight to the sea, the Jura will look after you during your first paddle strokes, yet has all the performance and features you'll need to continue well beyond this.

#### OPTIONS

**Outfitting:** Connect

**Control:** Skeg with Twistlock Footrests / Skudder with Toe Pilot Footrests

**Accessories:** Flush Fit Fishing Rod Holders / Mini Hatch Pod / Sail System

**Construction:** Single Skin / TriLite

#### SPECS

On page 30-31

### Choose This Kayak For:

- Smoothing the learning curve and enjoying learning to sea kayak in confidence.
- Advancing from a touring kayak to something just as stable but with a sea kayaking focus.
- A sea kayak with more room to stretch than a traditional design.

## A NOTE ON SAFETY

Kayaking can take you on a wide range of excitingly unique adventures, but it is important at all times to be mindful of the inherent risks, and approach these with the appropriate knowledge and equipment.

Get Instruction

Create A Float Plan

Never Paddle Alone

Wear A Buoyancy Aid

Wear Appropriate Clothing

Paddle Within Your Skill Level

Check The Weather Forecast

Carry Appropriate Safety Gear

## SPECS

Due to the nature of polyethylene roto-moulding some slight variations may occur. Please use these charts as a guide only.

Weight range refers to the weight of the paddler fully kitted up, and excludes hatch load.

Our suggested weight range should be used as a guide only, and your skill level and the conditions in which you are paddling should also be taken into account. We strongly recommend you demo kayaks before purchase.
