AFON

Rivers can be tranquil, or they can be wild, and the Venture Afon is a true enthusiast's canoe in which you can enjoy either variety as well as everything between, whether paddled solo or tandem.

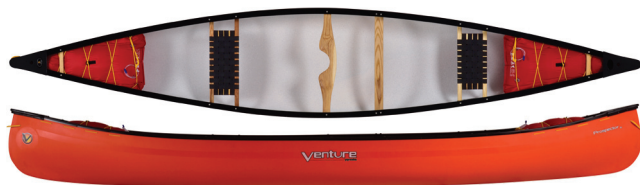

PROSPECTOR 155

The Prospector 155 is a traditional style and highly popular canoe that's ideal for whitewater enthusiasts or wilderness tripping, both solo and tandem.

PROSPECTOR 165

The Prospector 165 excels on tandem wilderness expeditions or whitewater trips and can carry up to three people (with the addition of an optional centre seat) for family days out.

The above images show models with Explorer outfitting; all models are also available with Cruiser outfitting.

Model	Length	Width	Depth	Weight	Load
				CL / TL	
Afon	454cm	91cm	41cm	39 / 36kg	350kg
Pros. 155	464cm	91cm	36cm	36 / 34kg	370kg
Pros. 165	508cm	90cm	38cm	40 / 37kg	400kg
Rang. 149	450cm	90cm	37cm	35 / 33kg	350kg
Rang. 162	490cm	90cm	34cm	38 / 35.5kg	450kg
Hunter	534cm	88cm	35cm	40 / 37kg	520kg

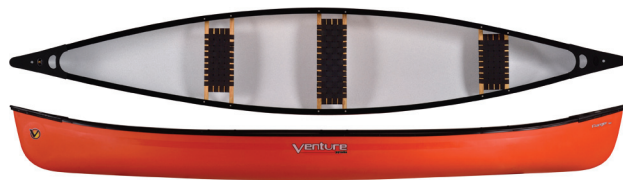

RANGER 149

The Ranger 149 boasts a predictable and compact design that's easy to handle for two lighter paddlers or one solo, making it ideal for recreational and intermediate paddlers alike.

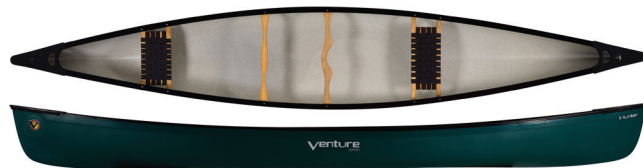

RANGER 162

The Ranger 162 is remarkably stable for up to three paddlers (with the addition of an optional centre seat), allowing beginners to progress with confidence or intermediates to push their limits.

HUNTER

The Hunter is a truly versatile load-carrying expert for fully packed adventure days and long cruises; fill it up with up to 4 people or equipment and it'll take you anywhere you want to go.

The above images show models with Cruiser outfitting; Ranger 162 is shown with an optional centre seat.

CONSTRUCTIONS

Easier to rooftop, easier to carry, easier to paddle. Exclusive to Venture, TriLite increases hull stiffness and reduces weight, enhancing the performance of our leading hull designs for a more responsive boat; perfect for deep water recreational use.

A triple layer, polyethylene foam sandwich material for a great stiffness to weight ratio with tried and tested durability, making it the ideal choice for centres, families, and moderate whitewater use.
